

SMARTCARE AMENDMENT

People are suffering. Health insurance costs are too high. Access to care is unfair. Drugs are too expensive. Medical bills are the most common cause of personal bankruptcies in the United States. People are forced to choose between food and medicine.

We can fix this, you and me!

The SmartCare Amendment (SCA) to the U.S. Constitution will ensure everyone, poor and rich, receives high quality health care and do it for less cost.

The SCA will protect your privacy, limit special interests, and create a national legal framework to:

- Require a national regulatory framework to provide uniform insurance policies
- Make data privacy a right
- Increase competition in health insurance markets (more choice)
- Reduce special interest influence
- Transition to healthy living & advanced care planning and away from “sick care”
- Reduce pork-barrel spending (earmarks) with a presidential, appropriations Line-Item Veto

Our Secret Weapon

The generous, welcoming, and loving people of the United States of America.

Hold a flame alight for those who have suffered from inadequate care.

SMARTCARE ALLIANCE

www.SmartCareAlliance.org

The solution is a new system that empowers individual choice and creates incentives to innovate to produce higher quality care. The SCA will make it happen and also adds direct democracy to the Constitution so citizens can petition for nation-wide referendums to change health insurance policy. It improves Privacy Rights to protect personal information, such as image, location, phone, Internet, financial, and educational information. This even protects us against unauthorized data uses in emerging technologies such as the "Internet of Things", "big data" tracking, and other kinds of surveillance that are currently legal and hidden. To fix our health care systems, the SCA also reduces the influence of special interest groups, the root cause of many of the problems. Congressional pork-barrel earmarks are reduced with a Line-Item Veto that gives Presidents a veto over items in spending bills. Visit www.SmartCareAmendment.org for more information.

Member's Pledge

I solemnly swear to support and campaign for passage of the SmartCare Amendment to the Constitution of the United States of America. In my heart, I hold a flame alight for those who have suffered from inadequate care and lost the privileges of a healthy life, one of the dear Blessings of our hard fought Liberties. Together everyone achieves more as we benefit from better, more equitable care (=+) bringing compounded returns (\$) to our economy as a stronger, happier, healthier Nation (♥). I look forward to that day when these important rights for the general Welfare become a part of our Constitution.

SmartCare Amendment Clauses

- Privacy Rights
- Uniform Health Insurance Direct
- Democracy (Referendums)
- Government Integrity
- Health Care Price Transparency
- Line-Item Veto
